JOIN US AS WE CELEBRATE 40 YEARS!

In 2024, the AACS will be marking the occasion of its 40th Annual Scientific Meeting, and the 40 year anniversary of the formation of the Academy and the Journal. This provides us the opportunity to reflect on the long and unparalleled history of the AACS, and a celebration of the principles with which it was founded. Core to our values is the delivery of quality education and training, and 2024 will be no different!

2024 ANNUAL SCIENTIFIC MEETING COMMITTEE

Mo Banki, MD, DMD
Chair

Alex W. Sobel, DO, FAACS
President

Marco Barusco, MD, FAACS, FISHRS

Mohan Thomas, MD, DDS, FAACS

John Whitehead, DO

Victoria Ceh, MPA
CEO/Executive Director

WHAT YOU WILL EXPERIENCE

NEW TO THE ANNUAL SCIENTIFIC MEETING OR TO THE ACADEMY?

We encourage newcomers to the Academy to sign up for the **Newcomers Program** where the newest meeting attendees will become acquainted with the Academy, its members, and the annual scientific meeting.

NEWER TO THE FIELD?

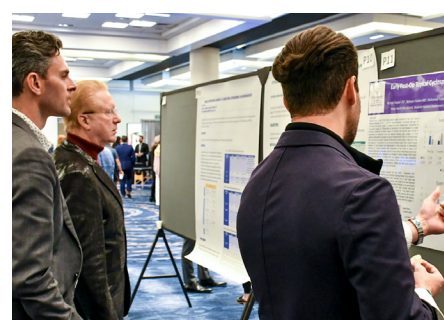

Don't miss the **Markings and Methodology Session** to gain confidence in making preoperative markings and other associated measurements. On Saturday, the popular **New Surgeons** session will occur followed by a **Forum for Physicians Entering the Specialty**.

This year, we are planning our best meeting yet, with over **40 educational sessions** headed by some of the foremost experts in cosmetic surgery. As an attendee, you will have three days to network, learn and share ideas with industry leaders from across the country and around the world.

- **Keynote presentations** and ground-breaking sessions on the latest techniques and developments in cosmetic surgery, some of which include: body contouring, face lift surgery, ultrasound-guided Brazilian butt lift, breast, rhinoplasty, liposuction, skin rejuvenation and injectables, hair restoration, male and female genitourinary, and more.
- A variety of formats for all types of learners – short abstract presentations where colleagues will share their latest techniques, discoveries, and cases; two **"GOAT" Panels (greatest of all time)** to ask questions and pick the brains of our many experts – one on **post-op protocols** and one on **liposuction**; two **M&M Conferences**; a session on **all you need to know about corporate acquisitions and exit strategies**; a session on **how to do lymphatic drainage**; a **past-presidents pearls panel**; and **poster presentations**.
- A core principle of the AACS has always been the utmost importance of the **safety of our patients**. This meeting will keep safety at the heart of everything we do. Be on the lookout for lectures that cover the latest regulatory updates you need to know about and help you navigate the safe adoption of new techniques into your armamentarium.
- In the climate of a continuously changing clinical and legal environment, find what you can do to advocate for your right to the safe practice of cosmetic surgery. Head to the **States Advocacy Workshop** or hear from the AACS leaders on the **Advocacy Panel** on what they are doing to protect you and your patients, then band together and get to **Know Thy Neighbor Meet and Greet!**

••• AND MORE
▼

WHAT YOU WILL EXPERIENCE

We hope you will make plans to join us where cosmetic surgery practitioners from all over the world share new findings, new research, new techniques, new pearls, and new ideas. We have an exciting and packed event, and we look forward to welcoming you.

- There is a dedicated 3-day track for **Allied Health** – with both practice management topics and clinical topics for midlevel providers. The Allied Health Subcommittee has curated rich content to elevate your business and solve new equations brought by the cosmetic boom.
- You'll want to make time in your schedule to visit the **exhibit hall** to see first-hand many new products and services on the market! And if you like, participate in our "Exhibitor Passport to Prizes" game and have a chance to win excellent prizes!
- Be sure to save enough energy for our social and networking events. The **Welcome Reception** is open to all attendees! We have lunch planned each day, and for the final day, you will have the opportunity to have discussions at our **Lunch with Industry Roundtables**.
- Our collective education, experience, training, and outcomes are our justification and our greatest cause for celebration. **The Webster Society Gala** is the annual pinnacle of that revelry. We will celebrate 40 years of the Academy along with our **2024 Webster recipient, Dr. J. Kevin Duplechain**, at the famous **World War II Museum**.

Will we need aesthetic surgery in the future? – My minimally invasive aesthetic combination treatments to avoid future surgeries

SESSION 31 • Saturday, February 24, 2024 • 8:45AM

Sonja Sattler, MD

CEO/Medical Director, Rosenpark Klinik, Darmstadt, Germany. Based on her dermatology background Sonja Sattler is working in Cosmetic/Aesthetic Medicine since 25 years. She is specialized in skin: facial rejuvenation with toxin, filler, EBDs including laser and its best combinations – as well as in general dermatologic surgery. She is also an expert in body rejuvenation including cellulite treatments and vaginal rejuvenation. Dr. Sonja Sattler has more than 20 publications in International Scientific Journals.

After graduation from Medical School in Human Medicine 1993 Dr. Sonja Sattler participated in a 5-year residency program on dermatology and dermatologic surgery. Together with her husband, Dr. Gerhard Sattler she founded 1996 Rosenpark Clinic, Rosenpark Research and BELLARI. Since that time, beside her work as an Aesthetic Physician and Researcher in Dermatology and Aesthetic Dermatology, she has been the guiding hand of the clinic in terms of finances, HR and organizational issues. Until 2018 she was organizing every other year the well-known "International Darmstadt Live Symposium for Dermatologic Surgery and Plastic Surgery" where experts gathered from around the world performing live surgeries. Since 2004 she is the Associate Executive Director of the International Society for Dermatologic Surgery (ISDS). Since many years she loves teaching, giving scientific lectures at national and international congresses, training courses and hands on trainings.

Unlocking the Fountain of Youth: The Beauty Revolution of GLP-1 Agonists

SESSION 1 • Thursday, February 22, 2024 • 8:00AM

Embark on an enlightening journey into the captivating world of cosmetic surgery as we explore the remarkable potential of GLP-1 agonists. Discover how semaglutide and similar innovative treatments, originally developed for managing diabetes, can reshape the landscape of aesthetic enhancements through weight loss stimulation, body contouring, and metabolic improvements. Engage in thought-provoking discussions about the ethical considerations, pros, and cons of utilizing GLP-1 agonists in cosmetic procedures. Don't miss this incredible opportunity to gain insights into the future of cosmetic surgery and envision a harmonious integration of science and aesthetics for transformative beauty.

Speaker TBA

2024 Webster Lecture

SESSION 17 • Friday, February 23, 2024 • 9:00AM

J. Kevin Duplechain, MD, FAACS

Dr. Duplechain is a cosmetic surgeon who practices in Lafayette, Louisiana. He is the current Immediate Past President of the American Academy of Cosmetic Surgery (AACS) and of the Cosmetic Surgery Foundation. He is board certified by the American Board of Cosmetic Surgery (ABCS), the American Board of Facial Cosmetic Surgery, the American Board of Facial Plastic Surgery, and the American Board of Otolaryngology/Head and Neck Surgery. Dr. Duplechain's practice focuses on facial and body rejuvenation with a particular focus on facial rejuvenation. He has served on many committees including the emerging trends committee for the AAFPRS, the Young Surgeon's Committee for the American College of Surgeons, and currently, oversees advocacy for the American Academy of Cosmetic Surgery. He has also served on the Executive Committee and the Board of Trustees for the American Board of Cosmetic Surgery. He helped revitalize and serve as the co-director of the AACS pre-conference Cadaver Workshop since 2015. Dr. Duplechain, while serving on the executive committee for the ABCS, developed the "Campaign of 100" -- the ABCS's public awareness campaign -- which has now raised over 1 million dollars on behalf of the ABCS. He has also served as the chairman for the American Society of Cosmetic Laser Surgery and has planned numerous meetings for the AACS including the World Congress of Liposuction in 2019, and the 2020 and 2021 AACS Annual Scientific Meetings. He has also been chosen as one of the Best Doctors in America by his peers for 25 consecutive years. Dr. Duplechain considers serving as the president of the AACS one of the greatest honors of his professional career.

WOMEN IN COSMETIC SURGERY SESSION KEYNOTE

Secrets Hidden in Your Handwriting: Tips and Tools to Help Clinicians Make More Informed Decisions

SESSION 15 • Friday, February 23, 2024 • 7:00AM

Michelle Dresbold

Michelle Dresbold is an internationally-renowned Secret Service trained handwriting expert, personality profiler, author, speaker, and artist. For over twenty years, Michelle has drawn on her handwriting profiling skills to engage live and televised audiences, provide expert witness services in hundreds of court cases, and fascinate readers of her syndicated columns and nationally published book, [Sex, Lies, and Handwriting](#).

You will obtain insights on how to integrate Handwriting Analysis, also known as Brain Writing, into your practice to better understand your patients and staff and make more informed decisions, for example, with respect to hiring employees and potentially identifying diseases in patients such as depression, anorexia, or body image issues.

Practical Use of Ultrasound for Safe BBL Surgery & More

There is no better way to enhance your skills in cosmetic surgery than through hands-on practice and one-on-one instruction. This pre-meeting workshop will help participants better understand and implement the use of hand-held ultrasound for a safer Brazilian Butt Lift Surgery as well as other important uses for patient safety in cosmetic surgery.

Modern hand-held ultrasound is fast becoming an indispensable part of the cosmetic surgeon's toolkit when it comes to patient safety. Updated regulations in Florida now require ultrasound-guided visualization when performing the Brazilian Butt Lift procedure, and it is likely that more states and further procedure types will follow.

Through lecture and hands-on practice, attendees will develop a thorough understanding of the value of ultrasound as a modality and improve their competence in use of hand-held ultrasound for Brazilian Butt Lift.

Attendees will learn from the experts and undertake gluteal ultrasound and learn anatomic visualization on live models, as well as practice injection under ultrasound guidance using simulation modalities. All participants qualify for 4 hours of CME and will receive a special certificate for participating in BBL Safety.

Wednesday, February 21, 2024

1:00PM-5:15PM

TICKET PRICE

\$1,000 Physician

\$500 Resident

LOCATION

**Grand Ballroom C
Hilton New Orleans
Riverside Hotel**

INCLUDES

Coffee break

Register early as there are limited places available.

PLEASE NOTE This workshop does not offer injection under ultrasound guidance on live models. Attendees will practice injection under ultrasound guidance using hands-on simulation modalities.

5:00PM Adjourn

NEW ORLEANS WELCOME RECEPTION

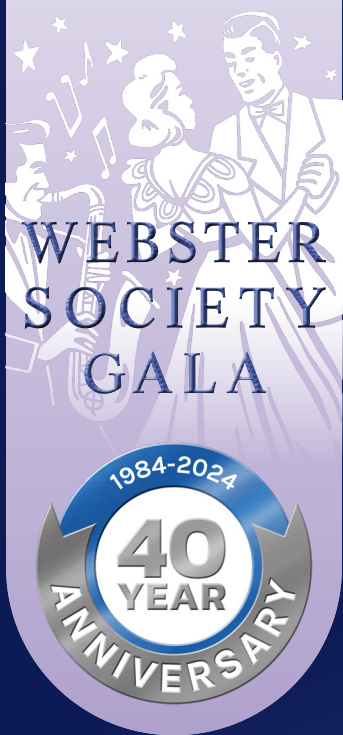

THURSDAY, FEBRUARY 22, 2024 • 5:30PM-6:30PM • EXHIBIT HALL, GRAND SALON

Laissez les bon temps rouler is the official greeting of Mardi Gras and the greeting of our AACCS WELCOME RECEPTION! You'll hear "laissez les bon temps rouler" (pronounced lay-say le bon tom roo-lay) over and over again at Mardi Gras celebrations. It means "let the good times roll" in Cajun French.

Join your colleagues after our first day of general sessions as we celebrate 40 years – the 40th Annual Scientific Meeting, the 40 year anniversary of the formation of the Academy and 40 years of the *American Journal of Cosmetic Surgery*.

Don't miss this special event with your friends and colleagues while supporting a great cause!

We have planned a very special evening to include cocktails, dinner, entertainment and dancing, as we celebrate our 40 year anniversary.

Plan to attend and support the legacy of Dr. Richard Webster as we honor the 2024 Webster Society Lecture recipient, Dr. J. Kevin Duplechain.

The National WWII Museum tells the story of the American experience in the war that changed the world—why it was fought, how it was won, and what it means today—so that all generations will understand the price of freedom and be inspired by what they learn. Our event will take place in the U.S. Freedom Pavilion: The Boeing Center, which showcases the macro artifacts of the war such as airplanes, artillery, tanks and other equipment. The expansive space features elevated visitor catwalks for a dramatic view of the aircraft.

Friday, February 23, 2024
7:00PM-11:00PM

National World War II Museum
U.S. Freedom Pavilion

WEBSTER SOCIETY GALA TICKET PRICE

Webster Society members comes with 2 tickets	\$0
Physician, Training Fellow, or Allied Health	\$199
Resident	\$75
Industry	\$800
Purchase a table to show your support (8 seats)	\$15,000
Purchase half of a table to show your support (4 seats)	\$7,500

THE WEBSTER SOCIETY

Dr. Richard Webster

The Webster Society was named after Dr. Richard Webster, the "Father of Cosmetic Surgery," who was a generous educator and stood for the principles of inclusivity, education, and patient safety.

Those who donate \$1,200 per year, or what equates to \$100/month, to the Cosmetic Surgery Foundation become a member of this special group. Webster Society donors receive 2 tickets to the Webster Event plus other acknowledgments. The donation is tax deductible as a charitable donation.

Please consider showing your support of the AACCS & CSF by joining the Webster Society! You may make your donation at the same time as registering for the Annual Scientific Meeting. **Even if you are not a member of the Webster Society, we cordially invite you to attend the Webster Gala.** All are welcome! Tickets may be purchased during the Annual Scientific Meeting registration process.
